To whom it may concern:

I am proud to be a supplier of coatings to Commercial Painting Services. We have worked together on a variety of large projects exceeding the 100,000 sq ft mark for each project. These projects include but are not limited to:

Penske Shipping Depot  
Fulton County Processing  
International Paper  
Speedrack  
123.Net

In addition to the services that Commercial Painting services offers for each project Sherwin Williams and myself will assist with coating specifications, cost effective product solutions, and on-site technical support. I look forward to any future projects with Commercial Painting Services.

If I can be of any further assistance, please feel free to contact me.

Sincerely

Ryan Mullen
